Subject: Application Ref: 20/01830/F – Proposed Roundabout Access to Graven Hill and Wretchwick Green, Bicester

Rebekah,

Further to our previous correspondence regarding the above application, please find below the formal representation of Redrow Homes Ltd and Wates Development Ltd in respect of the application, in their capacity as the developers of Wretchwick Green.

We would like to confirm the support of the developers of Wretchwick Green – Redrow Homes Ltd and Wates Development Ltd – for the above application for a proposed roundabout on the A41 at Bicester. The timing and implementation of the roundabout are key to the delivery of housing at Wretchwick Green as well as at Graven Hill and therefore we are supportive of the early delivery of this infrastructure to enable the funding provided through the Garden Town Fund to be secured. We would also like to confirm that the application boundary along the northern side of the A41 is contiguous with the existing highway boundary, to enable unfettered highways and utilities access to be made to the roundabout from within the Wretchwick Green site.

Should you have any queries please do not hesitate to contact me.

Kind Regards,

Michelle
