| Comments | <input type="text" value="I wish to object to the above planning application for the following reasons: * There is a history of planning permission refusals on this site and the reasons for refusal remain valid. * Rectory Lane is a narrow, winding single track country lane. It Is a no through Lane with a number of dwellings with limited access or no parking facilities. There are no footpaths or lighting and the Lane already suffers from traffic issues regarding the many delivery/contract vehicles and parking. Another property would only exacerbate this situation and totally compromise road safety. * Many villagers and tourists enjoy the circular walk through the village via Rectory Lane on a daily basis and the Copse is a highly valued feature of the landscape. The removal of the Copse would be totally detrimental to the street scene. * The elevated position of the proposed building would have a significant impact on the surrounding cottages and would look totally out of character. *. The applicant states there is easy access into Bicester via a bus service. This is not the case as most villagers rely on their cars. Barbara and Doug Hazell"/> |
