Comments	<input type="text" value="I find it reprehensible that this application has been submitted yet again when it has been refused previously , including through an appeal. This land was designated as a wildlife area, though the landowner has cleared it and not maintained it in the way the planning authority intended. I believe the landowner should be required to reinstate it to bring it back into use for its intended purpose and not further impact on the open nature of the village by having a modern property that will detract from the Old School, Old School House and Pringle Cottage which make a very attractive corner of our historic village."/>
