Comments	<input type="text" value="As a professional in this field, I see a lot of planning applications and want to put on record my support for these proposals. This proposal is for a house of the most exquisite design at the vanguard of modern architecture which, together with the extensive enhancements to the landscape and ecology proposed, delivers exactly what was envisaged when para 79 of the NPPF was constructed. These proposals are to be applauded in their comprehensiveness and I would be excited to see the project progress."/>
