<b>Comments</b>	<input type="text" value="My fianc and I enjoy walking in the rural countryside that surrounds Banbury, including on the footpath that runs adjacent to this proposal. I think this planning application would be a real benefit to the area and far more sympathetic to its setting than many other developments in the area which sit brazenly in the open countryside. I thoroughly support it. I am particularly supportive of the remedial action that is proposed in this application to stop the woodland area succumbing to ash dieback which will in turn ensure that the character of the area will remain in tact. I'd far rather see a 21st century house nestled in a thriving woodland than I would a dead patch of woodland!"/>
