Comments	<input type="text" value="I would like to object to the proposed dwelling, whilst I appreciate the design I don't consider the area in which it is to be built to be in keeping with its very rural location which is currently one of the few unspoilt valleys left in the area. This valley is enjoyed by many daily walkers and links Swerford and Hook Norton to Wigginton, the upheaval that getting the services down to the site will cause major disruption to the wildlife and a prolonged recovery to the landscape not to mention the heavy plant machinery needed to erect such a dwelling over possibly years. Furthermore the valley is probably one of the few unaffected by light pollution and benefits from the dark skies, it would be a shame to loose this rural idyll to yet another large property development."/>
