Comments	<input type="text" value="I object to this planning application on the following grounds: Cropredy is a village of historic importance, with a number of period & listed properties. Such a site as the proposed development would not be in keeping with the village. The visual impact of the development would be unsightly. I understand there is also a footpath located at the site of the proposed development, which if allowed would therefore block the public right of way. I also have concerns on the effect of this development on the character of the neighbourhood."/>
