Comments	<p>Thank you for consulting us on the above application, having now reviewed the planning app documentation contained on DEF/our website we would comment as follows: We note that there is no mention of the Public Right of Way which crosses this site within the application documents and it is not shown on any of the submitted plans. Furthermore, there is no mention of any proposed diversion within the application form. We can advise that the Bourton Public Footpath Numbered 138/8 will be totally obstructed by the proposal and the Public Right of Way does not appear to have been considered at all therefore, we must object to this proposal. We will forward to you under separate cover an extract of the OCC Definite Map layer showing the exact legal alignment of the Public Footpath route for your reference. Kind regards Judith Legal Services (PRoW) Ref: JH/013635</p>
