Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="We object to this proposal or any variation or development, on the basis that: no new homes/residences should be permitted in the open countryside between Gt Bourton and Cropredy; this would have a detrimental impact upon the character and appearance of the local and historic landscape in this vicinity; this would obstruct/interfere with the public right of way between Little Bourton and Cropredy; adversely affect local drainage with a compounding flooding effect. Whilst we recognise the broader demand for housing and range of social needs, this proposal should not proceed given the material adverse objective and subjective impacts upon this area, adjoining villages and communities."/>
