| <b>Comments</b>           | <input type="text" value="I am writing to object to the granting of this application on three grounds. 1: The land at present forms part of the green space between Gt Bourton and Cropredy which is an amenity for local villagers and for visitors for its countryside views and for use of the footpaths around to promote health and wellbeing. This would be destroyed if the land is converted to this residential use 2: The land is low-lying and prone to flooding; covering with hard standing would increase run-off and risk of flooding in Cropredy 3: Allowing this change to a residential use would set an unfortunate precedent for the development of all the neighbouring fields along the same lines in spite of this proposed development not being part of any local plan."/> |
