Comments	<input type="text" value="I would like to object to this application as it is not in keeping with the local villages of Cropredy and Great Bourton. I think it is important to have the proper divide between the two villages and if this went ahead then it would very quickly escalate and be added to meaning there would no longer be open fields between the villages. My main objection is that of the safety aspect, the traffic is very heavy going down the hill to Cropredy and this would no doubt add to this. The primary school is just at the foot of the hill and it is already very difficult to cross this busy road at school drop off and pick up. The land is prone to flooding as many have mentioned already and this also effects the school in a negative way. I also feel this would be unfair as if any other member of our community put in for planning on this land it would no doubt be denied."/>
