<b>Comments</b>	<input type="text" value="We have previously commented on this application. As far as we can see, the changes proposed in November 2020 to the outline application are an amendment to the site boundary (shown on the Site Location drawing) with an indicative layout (shown on the Illustrative Masterplan drawing). The revised layout however lacks any detail that would enable us to comment further, therefore we must stand by the comments which we previously made in August."/>
