Comments	<input type="text" value="I am the manageress of the tanning studios and i am writing to object against the the flats/apartments to go behind the shop, we are looking at the safety of my staff who have to go behind the shop late in the evening and early in the mornings when it is dark and we can not see who is hanging around the back the gate at the side is kept locked so having the unknown coming in and out is very unnerving as our shop only have female staff who work on their own.we are also concern about the shop and its security the gates are also kept lock for this reason. The back is used for shop use and not for the public to use."/>
