<b>Comments</b>	<input type="text" value="To Whom It May Concern, With regard to to this application my wife and I strongly object . The race circuit did not used to be an issue so much when we first moved but now it has grown substantially. The noise levels have increased and we can barely hear our children playing in our garden anymore. The traffic has increased significantly and thus road damage is far more evident in and around that area. I fail to understand why this track has been allowed to get this big. What on earth can we do..please advise. During summer when the races are on we actively have to leave our house as being outside is just a waste of time. We may as well go and sit next to the M40!"/>
