Subject: 20/02126/CLUE: "Unauthorised change of use of land from agricultural to motorsport with significant intensification over recent years and erection of timber fence"

Dear All

My name is POLina Kurdyavko and I just moved to Hornton with my two young children. I was not aware of the Wroxton Motocross track until I heard it! The noise was simply unbearable and lasted throughout the entire day. At the end we had to leave the house as it was quite unsettling for my children and myself. Having witnessed it first hand and having learned that the motocross might operate on a more frequent basis, I would like to express my serious concerns and objection to the matter. While the concept of a motocross racing track is understood, it is simply not possible to locate it so close to neighbouring villages exposing its inhabitants to constant noise and pollution.

I count on your support in this matter

Respectfully yours

POLina Kurdyavko
