Subject: Wroxton Motocross Track 20/02126/CLUE

Dear All,

We would like to put forward the attached in reference to 20/02126/CLUE:"Unauthorised change of use of land from agricultural to motorsport with significant intensification over recent years and erection of timber fence"

Attached documents include PDF file of ongoing petition signatures whom support the motocross track along with snipped PNG file of 4 comments on the matter. additionally i have attached HPC (Hornton Parish Council) Meeting Minutes which supports our argument regarding noise disturbance, findings carried out were insufficient of any further action. Our recordings also support this.

As i am sure you are aware we regular carry out noise reading in and around Hortnon Village and trackside, on one occasion we met with environmental protection officer Amrik to carry out noise readings. we are of course happy to noise read any area reporting of disturbance to ensure we are within the decibel limits.

We took over the motocross club/track in 2007 from the VWMXC (Vale of White Horse Motocross Club) with the understanding of 28 days per year, over our 10 year records which we have submitted to Cherwell D.C show our average events sum around 21 events per year ranging of 17 events up to 23 Events recorded all events are subject to weather restrictions.

Motocross events are capped 9:00am - 18:00pm we push that no bikes to start before 8:50am, most events finish around 17:00pm but safety precautions of stopping a race to attend to a fallen rider can cause time delays as races are re-run, however no exception to run past 18:00pm.

All generators are switched off by 11pm this is a well known rule in motocross worldwide, if you need any further information we can assist with please don't hesitate to call.

Many Thanks

Brian Pounder

This track has given families many years of enjoyment and keeps kids off the streets at weekends.

Not another track being targeted. People need to realise what a fantastic sport Motocross is. The youth involved in racing show great moral and a well mannered attitude, they are full of determination and have a great desire to succeed well. The sport offers huge challenges for young racers that can come with many set backs and knock downs but they learn to persevere and not to give up. They also have immense dedication and complete commitment. So now someone and probably only one or two person at most, want to deprive so many youngsters of developing all these great social, mental and physical abilities that will carry them forward in this crazy modern world. I've done many years at youth football as well and you would not believe the amount of aggression, bad attitudes and just general negativity I would experience every week. Not nice at all.

The track provides fun and release for young children, youths and adults alike. Where else can they go to do the sport they love if all these tracks disappear.
