Hi Bob

Thanks for the information.

These trees provide a viable buffer from the main road and are currently a viable public asset.

I would not authorise their removal at this point.

Regards

Andy

Subject: 20/02152/F - 13 Blackwood Place Bodicote Banbury OX15 4BD

Good afternoon Andy

I am currently dealing with a planning application for a new dwelling in the garden 13 Blackwood Place Bodicote, our ref. 20/02152/F. Part of the proposals include the removal of a number of trees from the boundary of the site with the Oxford Road to facilitate the construction of the proposed new access for the dwelling. The trees are outside of the application's site boundary on highways land, which I am presuming means the trees are in the County's ownership. My colleague has suggested that I make contact with you to see if you wish to make any comment on the application. I have attached the submitted Arboricultural Impact Assessment for reference, and further details of the application if required can be found on our website [here](#), using the application reference.

I am somewhat under pressure time wise on this one, with the application due a decision on the 02/10/2020; so if you do have any significant concerns or comments to make if you could let me have them as a matter of urgency it would be much appreciated.

Regards
