Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="I am amazed that this is rearing it's ugly head again given the applicant said they would not re apply for planning permission. I object hugely to this project which is unwanted and of no benefit to the local community at all. The road infrastructure is insufficient for the construction, never mind when all the extra cars start arriving, it barely copes with the traffic it has now with the road collapsing just near the proposed site. The noise for Claydon, especially during construction and then in the evenings will not be acceptable, we are a small quiet village with no noise or light pollution. Why should we have to put up with a boat site that has no benefit to our community in the slightest."/>
