<b>Comments</b>	<input type="text" value="Hi Having lived at this address for 46 years and have seen what was a somewhat quiet main road gradually get more and more traffic on it. We also have lots of hgvs. already from the local quarry and business parks coming through. Also bearing in mind lots of the general traffic are not adhering to the 30 mph speed limit, especially at weekends when we have through the summer a constant flow of noise from m/cycles and high performance cars almost all of them speeding making it very difficult to exit our drive. We think this planning application should be turned down due to there being enough traffic coming through Wroxton already. As for tankers coming through from 5-30 am each weekday thats not on. Even when the m40 was under construction lorries where not allowed before 7am. So we here are totally opposed to this planning application."/>
