| Comments | <input type="text" value="I strongly object in every way to this totally inappropriate planning application. The scale of the enterprise is completely out of proportion to neighbouring sites and the beautiful local environment. Hornton is an historic village - a 'hidden' village, and it just feels as if we are being bombarded with horrendous schemes at the moment. The noise, the traffic, the pure size of this projected complex, will have a very negative impact on our lovely rural environment and set the wrong precedent for the future of our area. Why on earth chose Hornton? Why not in an existing industrial complex? Please stop this ruination of our countryside."/> |
