<b>Comments</b>	<input type="text" value="I would like to object to this application. The increased traffic on the Statford road through the village of Wroxton would make the already busy road even busier. Due to its narrowness, especially on the corner by the Wroxton hotel, it seems unsuitable to have even more heavy goods vehicles and lorries using it. These vehicles can't safely turn this corner and so impede on the other side of the road. Adding more of these vehicles is going to exacerbate this problem. Our close is attached to the road and the only way for us to access the village is to cross this road - this isn't easy due to the limited visibility due to the corners and with even more traffic on the road it will be even more dangerous. I hope that these issues are considered as part of this application."/>
