Subject: PLANNING APPLICATION 20/02453/F

Dear Bob Neville

I write on behalf of Hornton History Group to strongly object to this proposal for a large-scale fuel depot.

The scale of this enterprise is completely out of proportion to its neighbouring sites and to the beautiful local environment.

As you are no doubt aware, Hornton is a well-preserved historic village, a 'hidden' village with Anglo-Saxon origins, and it just feels as if we are being bombarded with horrendous and totally inappropriate schemes at the moment, almost designed to ruin our ancient landscape.

The noise, the heavy goods vehicle traffic, the massive scale of the projected development, will have an incredibly negative impact on our lovely rural environment and set the wrong sort of precedent for the future of this area.

Why on earth choose Hornton? Why not an existing industrial complex?

Please stop this ruination of our precious countryside.

Kind regards

Laurie Stewart-Furneaux
Secretary, Hornton History Group
