Address	<input type="text" value="Angel Cottage, West End, Hornton, Banbury, OX15 6DA"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<p>As a Hornton resident I strongly object. The Stratford road is already a busy road with many narrow turnings on and off to villages. To have the increase in slow heavy lorries up and down, delivering and turning at the access point is an accident waiting to happen. The surrounding area, including our village, will be affected by this noise and light pollution not to mention the Environmental impact at the site itself. Devastating! We moved to the area because it is relatively unspoilt with light pollution. This depot running 24/7 and flood lit would impact this. A great pity My family and friends stay at the local b&b when they visit us (Hornton grounds Farm) the appeal of this Accommodation is the peace and quiet of this area and their main selling point. Sadly with noise, trucks reversing, beeping through the night and light pollution a stones throw away, our family will look elsewhere to stay. A real shame to put a local business at such high risk of closing down, especially in this current Covid 19 pandemic.</p>
