Comments	<input type="text" value="I live on the Stratford Road in Drayton and am very concerned about the plans to build a fuel store/depot at Horton Grounds due to the increased traffic on the Stratford Road A422. The road is already very busy and dangerous to cross. There are now quite a few young children in the village and crossing this busy road is dangerous already without over 150 extra heavy lorries a week. Also the current amount of lorries cause damage to the road surface and the water supply under the road and Thames Water frequently has to sort out leaks so any additional heavy traffic will make this situation worse."/>
