<b>Comments</b>	<input type="text" value="1. Road traffic volume increase of HGVs in A422 through Drayton, from / to the proposed fuel store site, impact to failed or failing road surfaces and risk to pedestrians in village (elderly and children) 2. Road traffic speed through Drayton on A422. 3. Road traffic noise pollution through Drayton on A422. 4. Light pollution from proposed Hornton site. 5. Road traffic HGV volume increase on A422 from Banbury to Hornton. 6. Why build a fuel store of this scale in a rural location, yes its brown field but why not a site nearer to the motorway network? 7. Nature impact. The area proposed is a magnet for wildlife, as is the route to / from the proposed site. I object to this proposal in full."/>
