Address	<input type="text" value="The Hollies, Stratford Road A422, Wroxton, Banbury, OX15 6PZ"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<p>We strongly object to a fuel depot at Hornton Grounds Quarry for the safety of our young children. We live directly on the main road and constantly face speeding traffic, including lorries that slam on their breaks to navigate the sharp bend next to our home, making a scary noise for our children and often take up both road lanes to get round this tight corner. This is dangerous when we are out walking or on our bikes. We already have a lot of lorries passing by us, and to add to that is very worrying. Even at night, the sound of traffic can be loud already let alone adding a lot more lorries. Furthermore, the high levels of bad emissions in the air is not healthy for us or the surrounding nature that we have chosen to live in. We have never objected to the quarry working near us, and find the workers there very friendly when we have bumped in to them whilst out on a walk but this fuel depot is one step to far. We have chosen to live in the countryside but not too put our children at an increased risk of being run down by a lorry or woken up at night by rumbling lorries and screeching breaks. Please put the safety of our villages children first and find a way of bypassing Wroxton village.</p>
