<b>Comments</b>	<input type="text" value="I am a long standing resident of the nearby village of Balscote (36 years) and know the vicinity of Hornton Grounds very well. I am a retired Chartered Surveyor and have worked in the Wroxton,Balscote and Hornton areas for 40 years. Therefore I am familiar with the area at all times of the day and year. I support the application for the following reasons: The site is a brownfield site. It is committed employment land . The development will provide new investment and jobs. The development will enable the current brownfield site that is occupied by Certas that is in a highly sustainable location in the center of Banburyto be developed for high density housing- thereby reducing the requirement for greenfield land. The company provides a useful service to the surrounding community in the supply of heating fuel. The operation will be highly regulated by the planning and environmental processes to ensure that is safe. I am therefore willing to fully support the planning application which I can only see as beneficial to the community and does no harm to the amenity of the area."/>
