| Comments | <input type="text" value="I strongly object to this application. The proposal will not only result in dangerous substances being kept close to residential properties, but an horrific increase in traffic (15 fold), light and noise pollution in a peaceful and beautiful environment. Each of these aspects should be sufficient for this proposal to be rejected with Certas encouraged to investigate a more appropriate site nearer the M40, where better links and lower environmental damage could be reasonably expected. I urge the planning committee to take into account the vociferous and united rejection of these disgraceful plans."/> |
