Comments	<input type="text" value="I object to this application for several reasons, not least because it will change the character of the area, which is semi-rural and not industrial, and because it means there will be excessive heavy vehicles hurtling through the villages, bringing noise and added danger to our children. These are, by character, peaceful villages, and the imposition of more heavy goods vehicles is not appropriate. It would make much more sense to locate this closer to a main road away from quiet villages with elderly residents and village schools."/>
