**Subject:** Proposed fuel depot at Hornton

I am writing to you to object to the proposed fuel depot at Hornton Ground Quarry. The Planning Committee will consider the application on Thursday and I urge the Committee to follow the Officers recommendation and refuse consent.

This is an inappropriate location for such a depot and will cause additional and unnecessary traffic generation in a sensitive location and the Highway authority have objected to the proposals.

As a nearby resident we are already aware of noise from the quarry and the additional noise and light pollution from this proposal which will start to operate in the hours of darkness very early in the morning will be an additional nuisance.

If you are a member of the Planning Committee I urge you to reject the proposal. If you are not please pass on my views to the Planning Committee members.

Thank you,

Mike Prentice  
Starveall Barn  
Quarry Road  
Hornton
