**Comments:**

I am very disappointed to see yet another builder applying for permission to build on this beautiful land at Gavray Meadows. This has been on going since I first came to live in Bicester many years ago. I've always loved seeing the local wildlife, rabbits, hares, foxes and deer to name but a few, wondering around in peace on this area of land. There are very few places left around Bicester now that have not had new estates built on them. Surely we can keep the few areas that are left for people to enjoy without builders ruining the peace and quiet by building yet more houses? In my opinion it should definitely be left as it is as a wild life area.
