Comments	<input type="text" value="Please do not build on this land. Not only is a rare accessible site enjoyed by not just people of the Langford Estates but also by Bicester residents of a wider area. There are families of deer and rabbits along with all the flora and forma which are an accessible snap shot of Oxfordshire wildlife. There are newts and lizards and it would be a shame to lose this natural beauty to yet another development in an already over developed market town."/>
