Proposal	Scoping Opinion - Environmental Impact Assessment (EIA) of the allocated Gavray Drive site in Bicester
Case Officer	Bernadette Owens
Organisation Name	Liz White
Address	38 Merganser Drive,Bicester,OX26 6UQ
Type of Comment	Objection
Type	neighbour
Comments	<p>Gavray Meadows primarily acts as a flood plain for Langford Village and any building on this site would surely and grossly unfairly push the problem of flooding towards the already established Langford Village, this could potentially cause costly and unfavourable problems for the residents. The recent flooding experienced should be a lesson for the authorities to learn. Gavray Meadows is a much needed green site for numerous species of wildlife, it is their habitat and should not be inconsiderately taken away from them. It also is a very much needed green space for residents to walk and enjoy the fresh air and wildlife in the precious little countryside that we have left. I strongly oppose building on this site as Bicester already has an overload of building on any available space, and for the above mentioned reasons the site should not be considered as available.</p>
