Dear Bernadette,

My family have concerns about plans to build a further 202 houses in Langford Village. The area is home to lots of wildlife & offers a lovely area to walk & relax in especially in these challenging times. We have taken our Grandson over there & he loves it & always wants to go over there when he is with us.

Bicester has grown so much since we bought our first house here in the early 80's & it is important that we keep some green space for the wildlife & also for the residents especially as many have discovered these local spaces over the last few months particularly in lockdown. For everyone's mental health we need to be able to visit these local green spaces.

We also have concerns about the floodplain aspect of this area, we already have flooding issues in Langford after heavy rain.

Please put forward our views to the planning committee.

Kind regards

The McCarthy Family
