Organisation Name	<input type="text" value="Balvinder Sohal"/>
Address	<input type="text" value="Bramble Cottage,2 The Bramblings,Bicester,OX26 6SU"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="It disappointing to see yet another application to develop this area of land. I understand Bicester is a growing town needing to accommodate for the increasing population but greater consideration needs to be placed on the wildlife that already depend on this untouched land to live and thrive on. Also, this area of land is enjoyed by walkers and etc benefiting from the open greenery to explore and exercise, which is becoming rare with overdeveloped towns across the UK. If there are to be improvements in Bicester then the focus needs to be on schooling, sports, medical care (dentists and doctors) and supporting local businesses. Not on housing to expand the community and drive through McDonalds. With aligning businesses in the local area (unfortunately exacerbated by COVID-19) where are these new residents going to work? If they will be travelling outside of Bicester to work then the roads needs to be improved to cope with the extra traffic. With the eventual closure of the Bicester railway village level crossing on London Road this will cause unnecessary pressure on surrounding roads for the diverted the traffic."/>
