| Address | <input type="text" value="11 Lambourne Crescent, Bicester, OX26 6QG"/> |
| Type of Comment | <input type="text" value="Objection"/> |
| Type | <input type="text" value="neighbour"/> |
| Comments | <input type="text" value="Very unhappy that the plans still include houses in the Conservation Target Area (East of Langford brook). The richness and biodiversity of the site - already quite small - are very important to me and to my children. There are many plants here - e.g. ragged robin, yellow rattle - which cannot be found anywhere else near Bicester. To have them within easy walking distance of the town is a wonderful resource. I regularly walk and run in the meadows, and bring my children to study and draw the plants, insects and birds. Please protect this beautiful wildlife habitat and ensure that the environmental impact assessment is rigorous and strict."/> |
