<b>Comments</b>	<input type="text" value="My wife and I are extremely concerned and horrified that you are considering approving an application to build on Gavray Meadows given it's a nature conservation area that is used and enjoyed on a daily basis by the local community. Also, another major concern is that the fields in that regularly flood so it would be extremely detrimental to the local area given the floods we already get and a travesty for the people who would be living there. We appreciate that a lack of housing is a serious problem that needs to be addressed but feel that Gavray Meadows is definitely not the right place for any developments that will be detrimental to the wildlife and people living in our community. Consequently we urge you to reject this planning application."/>
