Comments	<input type="text" value="Please require a central pagoda structure, at least two litter bins and one dog poo bin for this green space. It is along a major dog walking route and the nearest dog bins are 250m to the south on Wellington Road or 250m to the west on Roper Road or 125m to the east near Building 52 Heyford House on the other side of Camp Road. The green space is located directly across the road from the local Sainsburys and is a logical place to sit and eat. Rubbish bins will be needed in this green space as the nearest bins are back across Camp Road or 125m to the east on the other side of the Village Green. The site is lacking in focus and a large central pagoda structure where the stage is located on the plan map would help give the park some identity. A pagoda structure would also provide an opportunity to mount a community bulletin board. It would also provide some shade in an otherwise wide open area with southern exposure."/>
