Hi Bernadette,

The submitted plan whilst not a full AMS details trees to be removed in order to facilitate the health club site, with no trees marked for retention.

Tree protection fencing where required has been demonstrated within the plan to protect off site vegetation. With that I feel no further information would be required to discharge the condition.

I would as mentioned previously like to see the 3 BS5837 category B trees proposed for removal mitigated, but happy to address this at a later stage through reserved matters.

Kind Regards,

Iain Osenton
