PLANNING NOTES

1. **Conditions** – the applicant’s attention is drawn to the need to comply with all conditions imposed on this permission. Failure to do so could result in the council serving a breach of condition notice against which there is no right of appeal.

Under the Town and Country Planning (Fees for Applications, Deemed Application, Requests and Site Visits) (England) Regulation 2012 there is a fee payable each time you make a request to discharge any of the conditions attached to this permission. You can apply to discharge more than one condition at the same time. At the time of this decision the fee is £34 per request for householder development and £116 per request in all other cases. The fee may be more when you come to apply for the discharge of condition if the Regulations have been amended. The fee is payable when you submit the details to discharge the condition(s). The Council has ‘1app’ forms for such applications, but their use is not mandatory.

There is no fee for the discharge of conditions on listed building consents.

The Council has eight weeks to respond to applications to discharge conditions, so you will need to make your application in good time before commencing development.

2. **Material Samples** – please note that where any of the above conditions require the approval of materials, material samples are no longer accepted at the Council offices and should in the first instance be left on the application site for the relevant case officer to view and assess in context with its surroundings. Material samples and sample panels should be placed/erected on the site before an application to discharge that condition(s) is submitted.

Should leaving samples on site be impractical then arrangements should be made with the relevant case officer to view samples on site.

STATEMENT OF ENGAGEMENT

In accordance with the Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended) and paragraph 38 of the National Planning Policy Framework, the Council has worked positively, creatively and proactively to determine this application within the agreed timescales, having worked with the applicant/agent where necessary and possible within the scope of the application (as set on in the case officer’s report) to resolve any concerns that have arisen, in the interests of achieving more appropriate and sustainable development proposals. Consent has been granted accordingly.

The case officer’s report and recommendation in respect of this application provides a detailed assessment of the merits of the application when considered against current planning policy and guidance, including consideration of the issues raised by the comments received from consultees and members of the public. NOTICE OF DECISION

TOWN AND COUNTRY PLANNING ACT 1990 (AS AMENDED) AND PLANNING (LISTED BUILDINGS AND CONSERVATION AREAS) ACT 1990 (AS AMENDED)

NOTES TO THE APPLICANT

TIME LIMITS FOR APPLICATIONS

By virtue of Section 18 of the Planning (Listed Buildings and Conservation Areas) Act 1990 and Regulation 12 and Schedule 3 of the Town and Country Planning (Listed Buildings and Conservation Areas) Regulations 1990, as amended by Section 51 of the Planning and Compulsory Purchase Act 2004, listed building and conservation area consents are subject to time limits. If a condition imposing a time limit has been expressly included as part of the consent, then that condition must be observed.

If listed building consent or conservation area consent is granted without such a condition, then it shall be deemed to have been granted subject to the condition that the works to which it relates shall be begun not later than the expiration of three years from the date on which consent was granted.

This does not apply to any consent for the retention of works granted under Section 8(3) of the Planning (Listed Buildings and Conservation Areas) Act 1990, which authorises such works only from the date of the grant of that consent.

OTHER NECESSARY CONSENTS

This document only conveys listed building consent or conservation area consent for the works the subject of the application, and you must also comply with all the bye-laws, regulations and statutory provisions in force in the District and secure such other approvals and permissions as may be necessary under other parts of the Town and Country Planning Act 1990 or other legislation.

In particular you are reminded of the following matters:

- The need in appropriate cases to obtain planning permission for the proposed works.
- Data supplied by the National Radiological Protection Board (NRPB) and the British Geological Survey (BGS) suggests that the site of this application falls within an area which is potentially at risk from radon. This may require protective measures in order to comply with the Building Regulations if your consent relates to a new dwelling or house extension. Further advice on whether protective measures are required under the Building Regulations can be obtained by contacting the Building Control Manager on 01295 227006 or E-mail at building.control@cherwell-dc.gov.uk
- The need in appropriate cases to obtain approval under the Building Regulations. **The Building Regulations may be applicable to this proposal. The Building Regulations may be applicable to this proposal. You are therefore advised to contact the District Council's Building Control Manager before starting work on site - Telephone: 01295 227006. Email: Building.Control@Cherwell-dc.gov.uk**
- The need to make any appropriate arrangements under the Highways Act in respect of any works within the limits of a public highway. The address of the Highway Authority is Oxfordshire County Council, Speedwell House, Speedwell Street, Oxford, OX1 1NE.
- It is the responsibility of the applicant to ascertain whether his/her development requires any of the above consents or approvals.

APPEALS TO THE SECRETARY OF STATE

If you are aggrieved by the decision of the Local Planning Authority to grant consent subject to conditions, you can appeal to the First Secretary of State in accordance with Sections 20 and 21 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

If you wish to appeal, then you must do so within six months of the date of this notice. Forms can be obtained from the **Planning Inspectorate, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN. Tel 0303 444 5000.**

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

PURCHASE NOTICES

If listed building consent or conservation area consent is granted subject to conditions, whether by the Local Planning Authority or by the First Secretary of State, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any works which have been or would be permitted, he/she may serve on the District Council a purchase notice requiring the Council to purchase his/her interest in the land in accordance with the provisions of Section 32 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

COMPENSATION

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is granted subject to conditions by the Secretary of State on appeal or on reference of the application to him.

These circumstances are set out in the Section 27 of the Planning (Listed Buildings and Conservation Areas) Act 1990.
