Address	<input type="text" value="45 Garners Field,Great Bourton,Banbury,OX17 1FH"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="The through traffic on the stretch of road between Great Bourton and Cropedy is already at breaking point. The road is in complete disrepair to cope with current residents without any more. The school bus struggles most days and the road towards the school is already dangerous - both my daughters attend and there are many near misses each week. It is only a matter of time before a child gets hurt or there is a more dangerous accident. Even the farmers tractors are struggling to do their jobs and get the the fields at peak times impacting their livelihood and our food chains in the long run. Aside from the road use and safety aspects, we moved into Garners Field in July 2019 and couldn't even get into the Doctors Surgery in Cropredy and have been unable to get an NHS dentist. Our doctors surgery is now Grimsbury which is a fair drive in an emergency when you have two young children. Cropredy and Great Bourton is already at breaking point with their facilities with current residents being unable to be catered for let alone adding more residents into the mix. We would not have purchased in Great Bourton has we realised there wasn't the infrastructure to support us becoming residents. If we are not supported, then new residents won't be either. We need to fix these problems before adding more into the mix."/>
