Comments	<input type="text" value="There is already an approved traveller site on the Mollington road by the Farnborough turning. This has grown significantly since planning was granted, and the same thing will happen on this site. Cropredy and Great Bourton are separate villages, and approving this application will set a precedence for further development. There is regular flooding on this road, and it is impassable more frequently now when we get heavy rainfall, development on this site will only make the situation worse. The school close by also makes this stretch of road very busy at drop off and collection. Extra traffic on this road as got to be a safety issue for the children. I strongly disagree with this application."/>
