Comments	<input type="text" value="A planning application for the development of this piece of land for residential use has previously been made, refused and the subsequent appeal dismissed. Enforcement action was decided. The present application appears to be an attempt to get around this earlier decision and for this reason, if no other, should be refused. The green space between Cropredy and Great Bourton is an amenity which should be preserved. There is no local plan designating this area as suitable for residential development. Approval would set an unfortunate precedent. I therefore I therefore strongly object to this application"/>
