Comments	<input type="text" value="I object to this application on the following grounds: There is mixed information from Mr Bolton about how long he has lived on this site. This must call into question if any statement from him can be thought to be accurate. There is a long history of enforcement notices on this site. The area is low lying and prone to flooding, both there and in Cropredy near the school - residential development would increase the likelihood of this happening. This is an area of green space - agriculture/grazing between 2 villages and would become residential spread."/>
