Dear Mr George,

Good morning. HERE WE GO AGAIN. WE STRONGLY, STRONGLY OPPOSE THE ABOVE APPLICATION BY MR G NOQUET. Trees have already been removed from the conservation area. Work has been done by landscaping his garden. He is now proposing to have a vineyard, and a agricultural barn. The area he wants to have as a vineyard, is so small it doesn't warrant having an agricultural barn, let alone a vineyard. We feel this is a smokescreen for hidden agendas. The site at the moment has been partly levelled off in tiers, possibly static accommodation, or camping, and the so called agricultural barn to be converted into more accommodation. Another point we would like to raise, he has now turned the pub into a motorbike pub, the noise that is generated from the motorbikes is not very popular with the villages of Sibford Gower, Burdrop & Sibford Ferris. We feel he twists the rules around to suit himself, please refer to his history since moving to the Bishops Blaize, they deliberately created problems six months after they moved in!!!!.

Look forward to hearing from you.

Yours sincerely

Tom and Mary West  
Sibford Gower
