<b>Comments</b>	<p>What a wonderful &amp; bold suggestion by the owners to enhance their business &amp; profitability in such difficult times. Bikers are typically viewed by the public with disdain &amp; mistrust. This is largely due to adverse media portrayal &amp; Hollywood nonsense. Most "Bikers" are just average folk you meet in the street; they have spouses, kids &amp; dogs, they have a mortgage &amp; a job and they do their shopping in the supermarket like everyone else. They have but one difference from the "ordinary people" &amp; that is a passion for motorcycles. If I have to try to explain why bikers love motorcycling, you'll never understand. This is one of the main reasons bikers congregate in groups, because we get it &amp; like to be with other people with the same outlook on life. Giving the opportunity to camp out in a welcoming environment next to a great hostelry is inspired. I say what a brilliant proposal &amp; look forward to visiting again as soon as it is viable. I truly hope this proposal passes planning bringing good fortune &amp; prosperity to the owners. Phil Edwards Chairman Redditch Advanced Motorcyclists Group</p>
