Comments	<input type="text" value="I am in total support of this venture...the owners of this establishment are lovely people who have worked hard to get blazin saddles where it is today...the addition of a small building is not going to impact the village at all as it's below the dip away from the main houses.. This is a beautiful spot for a pit stop when touring the Cotswolds either on foot on bike or in car and another building would help immensely ..people come from far and wide to visit this lovely place and with it being their business into the Cotswolds and surrounding villages..would be ashame not to capitalise on this ..plus the horrible messy looking wasteground is now being made purpose ful and eye catching..."/>
