Comments	<input type="text" value="Whilst a vineyard would of itself be a benign use of this land, I do not believe the simultaneous use for parking vehicles, and camping would be. The proposed site, as the applicant is aware, is a conservation area of outstanding beauty. The size of the prospective vineyard does not warrant a building of the proposed size. I believe allowing this application would lead to further applications to enhance camping facilities. I also believe allowing vehicle parking on this site will greatly increase noise, air, and water pollution in the village, and prove highly detrimental to the current enjoyment of village residents' homes and gardens."/>
