| Type | neighbour |
| Comments | <p>Being a long term resident of Deddington and third generation of my family living here , there has always been a shortage of properties for the senior generation . There are two developments here at present , both of which are flats and apartments one being on the western side of the busy main road , the second just off the historic market square. Deddington has seen a growth in residential properties in recent years with the latest being Deddington Grange , again on the western side of the busy road and no provision for more senior aged persons. I totally support the application after studying the plans and layout which would bring much needed age restricted accommodation designed in a practical, yet sympathetic way which not only enhances the area in which it is planned but also to offer the kind of accommodation desperately needed in Deddington.</p> |
