John Francis White - Holly House - Earls Lane - Deddington - OX15 0TJ

re: 20/03467/F

I wish to appeal against this application as a resident of Earls Lane.

1 Earls Lane is a highly risky route for pedestrians. I think here, a case in point, walking between the site and the Health Centre.

- a) lack of pavements on much of the route
- b) where there is a pavement on a a very small section, only on one side
- c) it is a straight Lane encouraging excessive speeds and I mean 50mph.
- d) all day parking for the School or Health Centre results in through traffic driving on the wrong side of the road. It is a narrow lane.

2 More through traffic to reach Oxford/Banbury road.

I would appreciate my objection being listed.
